Better Beef

Did you know that beef has eight times more vitamin B12, six times more zinc and more iron than a chicken breast? And when the cattle are raised in a healthier way, it's even better for you and the environment. Free-range, grass finished Black Angus cattle, certified by the PA Beef Quality Assurance agency are raised at **Meadow Brook Farms**—a family business on a beautiful 140-acre farm in Springtown. They offer steaks, burgers, roasts and specialty items from cattle raised without added hormones or antibiotics. Available at various markets or at the farm.
